MEMORANDUM FOR THE RECORD

SUBJECT: My Lai Investigation Subcommittee,  
House Armed Services Committee

1. I met with Mr. John Reddan, Counsel to the Committee, this morning. Mr. Reddan advised me that the line of questioning that will probably be followed with General Cushman will relate to "the reporting system in such matters from the Army units through III MAF, to MACV."

2. If the General has a prepared statement, it would be appreciated if a copy could be provided on Monday. For the hearing itself, five copies of the statement at that time would be all that would be needed.
